

ISEI Global

Excellence Award 2026

Organized By
Institution of Safety Engineers (India)

About

Institution of Safety Engineers (India)

Institution of Safety Engineers (India) is a world-leading non-profit organization established in 2012 with the objective to prevent accidents, Protect the environment, and minimize losses during disasters. Formerly, the Institution of Safety Engineers (India) operated under the ZJEW Trust and is registered under Section 8 of the Companies Act, 2013, Ministry of Corporate Affairs, Government of India. The Institution of Safety Engineers (India) is also known as ISEI.

ISEI provides training and services related to Safety, Health, Environment, and Quality Management Systems to industries, organizations, and institutions to help them fulfil compliance obligations and control workplace risks. ISEI also publishes research papers and conducts various programs.

About

ISEI Global Excellence Award 2026

The **ISEI Global Excellence Award** is a prestigious recognition presented by the Institution of Safety Engineers (India), dedicated to honouring individuals and organizations that demonstrate exceptional performance and commitment in the fields of Safety, Health, Environment, and community development.

This award celebrates excellence in key areas such as innovation, leadership, professional competency, and significant contributions to Safety, Health, Environment, and Disaster Management. It aims to promote best practices, encourage continuous improvement, and uphold the highest industry standards.

Through this initiative, the Institution of Safety Engineers (India) strives to inspire professionals and organizations to actively contribute toward accident prevention, environmental sustainability, and the creation of safer, more resilient communities.

Objective: To recognize and reward companies, institutions, professionals, and authors for their outstanding contributions in the fields of Safety, Health, Environment, Disaster Management, and Quality during the period from January 2025 to December 2025.

Selection Procedures

Stage 1

The information furnished in the application form will be scrutinized by the ISEI-nominated panel committee members. In case of shortlisting, the application will be processed for the next stage.

Stage 2

Shortlisted applicants from Stage 1 will be invited to attend a meeting and present their best practices, implementation strategies, achievements, and planned objectives via video conferencing before the panel members. The committee will then evaluate and select the top-ranked applicants based on their contributions and achievements in the field of EHSQ within their organization and society during the year, subject to satisfactory responses during the interaction.

Stage 3

In the third stage, selected applicants will be invited to attend the program and receive the ISEI Global Excellence Award.
